

CHICAGO RACE WAR TERROR ABATES

ONLY SPORADIC RIOTS OCCUR IN CHICAGO

Three Die of Wounds Official Death List Now 32

CHICAGO, July 31.—Race war terror and bloodshed had abated tonight after four days and nights of rioting but violence continued to occur sporadically notwithstanding an army of nearly 10,000 state troops and policemen was on active duty in the South Side negro quarters.

Three Die of Wounds

Three died today of bullet wounds, making the official corrected death list 32, of whom 18 were negroes. Only one of the three was shot today, the other two were members of both races were wounded in the scattered disturbances, most of them of a minor character. There was no shooting by the troops who were ordered on the streets last night by Governor Lowden on the request of Mayor Thompson.

The negro district was comparatively quiet tonight. The presence of the state troops apparently had calmed the negroes' fears and had had a salutary effect on disturbing elements among the whites and blacks. The troops were well distributed and the military machinery was running smoothly.

Food supplies were rushed into the negro sections by cooperation of the Wholesale Grocers' association, the police and the troops.

The black belt remained a barred zone where whites might not enter and even the guarded trucks or groceries were driven only to the "dead line," by which chauffeurs who then were relieved by negro drivers under police escort.

Many in Need of Food

Many of the poorer negroes were reported in dire need of food and without funds. Today was pay day at the stock yards but negroes feared to go there to draw their wages. Thousands of negroes have not attempted to go to work all week.

Among today's disorders only two involved any considerable number of persons. Several hundred whites in search of four negroes who had hidden in the stock yards were driven off by militiamen with lowered bayonets after the whites had demanded that the blacks be delivered to them. No casualties resulted.

About 400 white men beat one of three negroes severely at Forty-Seventh street and Vincennes avenue this afternoon. The other two, both armed, escaped after firing a few shots. No whites were wounded.

A negro was beaten by five white men at State and Twentieth streets.

Find Two Unconscious

Two of the negroes who died today were found unconscious on the West Side, for from the South Side negro sections.

Mayor Thompson in spite of a decrease in violence asked the city council today for additional permanent policemen. The council took no definite action, however, because the chairman of the finance committee said he was unable to say where funds to pay the men could be found.

Chief Garrity announced that 1,500 special policemen would go on duty tomorrow assisting 3,500 regular patrolmen.

The troops now on active duty number approximately 5,500 with the greater part of the numbers in the fourth reserve militia and the Ninth National Guard—still are in reserve in the armories at the stock yards and on the West Side. The second battalion of the fourth was sent out on riot duty tonight. Two companies of the ninth are patrolling in the stock yards.

Probes More Active

With the lessening of violence public officials became more active in investigation of the riots and the causes. Attorney General Brundage and State's Attorney Hoyne are cooperating in obtaining evidence for a grand jury investigation. Both officials say many persons of both races will be punished and the death penalty is virtually certain to be sought. Mr. Hoyne announced that much evidence had been offered today from negro sources. One negro, while another blamed whites. Others went back months ago to shootings or bomb explosions in seeking to give the county prosecutor an idea of the causes leading up to the riots. The aldermen in the council meeting today introduced numerous resolutions calling on Governor Lowden, Mayor Thompson and the chief of police and the fire departments for information as to casualties, cost of suppressing disorders, extent of carrying weapons and other matters. One resolution called for the licensing of persons to carry weapons. No action was

Pershing Will Oppose Moving American Dead

PARIS, July 31.—(By The Associated Press.)—Prior to his departure for Coblenz tonight where tomorrow he is to begin his "voluntary" tour of German occupied territory first visiting the American troops and then French and British, General John J. Pershing, this afternoon received the American newspaper correspondents in his Paris home.

General Pershing talked with the correspondents on various subjects—the American dead buried in France, against the removal of which he said he would advise; the preparations that are being made for the American troops to leave France and concerning the release of the 45,000 German prisoners held by the American army.

After his reception of the correspondents General Pershing reviewed the famous American composite battalion which represented the American Expeditionary Forces in Paris in the Bastille Day parade and in London at Victory Day celebration. The review which probably will prove the last official American military ceremony in France took place on the famous parade ground in the Bois de Vincennes. Large crowds viewed the evolutions and accorded the troops a hearty reception.

General Pershing's trip tomorrow which will be made by automobile will carry him over the entire western battle front from Belfort, near the Swiss border to Neupont on the Belgian coast.

In declaring that he did not favor the removal of the American dead buried in France, General Pershing said he was arranging for a conference with American artists with a view to making plans for the beautification of permanent cemeteries and the erection of monuments to the American soldiers spoke with some emphasis saying he felt that the men had fought and died in France they should lie in France. He said he believed the French felt the same as he did and that the presence of the American dead in their soil would always be a reminder of how the two nations had fought together.

General Pershing said the task of assembling the American dead in national cemeteries was progressing rapidly and satisfactorily notwithstanding the great difficulties encountered. The permanency of the American cemeteries was absolutely assured he said.

With regard to preparations for leaving France, General Pershing said the service of supply was rapidly cleaning up everywhere and could be ready on ten's day notice to turn everything over to the French.

It was his opinion General Pershing declared that the 48,000 German prisoners held by the American army might be released as soon as the German peace treaty is ratified by three of the great powers. He did not believe it would be necessary to await ratification of the treaty by the United States senate.

until fall over the protest of a minority.

After a tour of the riot areas tonight Governor Lowden said he was greatly impressed with the mastery of the situation maintained by the police and military establishments.

"I do not mean that the trouble is entirely over," the governor added, "but it appears that the situation is controlled at the present."

No outbreaks occurred during the tour, and while negroes were on the streets in large numbers in their district the neighborhoods were quiet and in some places policemen were snatching a little sleeping in the parkways.

Lowden Speaks of "Adjustment"

Governor Lowden found the situation such that he spoke of "adjustment" and said the "problem of Illinois is along the lines of education and adjustment" which he held must be met with the full cooperation of all peoples. Professor Francis W. Shephardson, director of registration and education for Illinois has been studying the commission method of dealing with the race problem at Atlanta, the governor said, but has not yet made any recommendation.

A few white merchants returned to their stores and a few whites even penetrated to State street, and were unmolested. A few bread trucks were seen and it was believed the food situation would be much improved in the black district.

MAY RESUME CAR SERVICE TOMORROW

Mahon Confident Men Will Accept Compromise Offer

CHICAGO, July 31.—Resumption of traffic Saturday morning on Chicago's Elevated and Surface Car Lines, seemed assured tonight according to reports from Union leaders which came to the headquarters of W. D. Mahon, international president of the Street Car Employees' Organization. Mr. Mahon, who addressed meetings of the carmen this afternoon and tonight, expressed confidence that the men would vote tomorrow to accept the terms offered by the companies.

Declaring that the car strike is illegal and that the men are violating their own laws and placing themselves in a ridiculous position Mr. Mahon issued another statement today to the carmen.

"I feel sure that if this line of reasoning can be presented to the mass of our members they will see the situation clearly and will join me in righting all these things in an honorable lawful manner," he said.

A handcar from the yards of the Pennsylvania railway did considerable business for a time hauling passengers over one of the street railway lines at a fare of ten cents. When the police arrived the budding traction magnates had transferred their activities to another locality.

A physician who obligingly gave three men a "lift" in his automobile late today was held up and robbed by the trio of both his money and his car.

Await Decision to Confer

Aurora, Ill., July 31.—Striking employees of the Aurora, Elgin and Chicago Electric railroad today awaited word from Manager E. C. Faber of the traction company that he was ready to enter into a conference growing out of their demands for an increase in pay of 41 cents an hour. Edward W. McMorow of Detroit, an international officer of the Amalgamated Association of Street and Electric Railroad Employees and business agent of the A. E. and E. employees union will represent the men.

Officials of the tri-city car men's union and officials of the three cities of Davenport, Ia., Rock Island and Moline, Ill., held their conference before Commissioner Wilkerson, but no decision was reached.

Manager Faber announced this afternoon that the striking employees of the A. E. and E. had agreed to furnish men to develop power to pump water needed by communities dependent upon the traction company. In the first agreement power was to be furnished only to supply drinking water.

WILL MAINTAIN TELEPHONE RATES

CHICAGO, July 31.—Telephone rates and schedules in force during the period of government control will be maintained with certain modifications temporarily, according to a decision on the Chicago Telephone Company's petition made by the Illinois public utilities commission on the eve of the return of the lines to private ownership effective at midnight tonight. Initial hearing on the petition was set for September 12.

The modifications ordered by the commission returned the old \$1.50 rate on four party lines slightly moving and installation charges and do away with all additional and excessive charges for "person to person" calls such service to be furnished upon request same rates prescribed by the postmaster general for station to station service. The commission also required the company to establish and maintain a fund containing 25 percent of the receipts of long distance calls from Chicago to other Illinois points, the money to be used as "refund" in case the rates are further modified.

ORDERS FAVORABLE REPORT

Washington, July 31.—After some discussion the senate commerce committee today ordered a favorable report on the nominations of John Barton Payne of Illinois, Thomas C. Scott of Connecticut and Henry M. Robinson of California to be members of

Postal Will Lower Rates Twenty Percent

NEW YORK, July 31.—When control of telegraph systems of the country is formally relinquished by the government at midnight, a reduction of twenty percent in rates will be made immediately on the lines of the Postal Company, but the Western Union will retain the schedule put into effect after Postmaster General took control on April 1.

Keep Promise to Public. Clarence H. Mackay, president of the Postal announced in a statement late today that the rate reduction would be made "in accordance with its promise to the public."

He qualified the announcement, however, by saying that if expenses continued to mount charges might have to go with them. Newton Carlton, president of the Western Union, who also has been in charge of the cable system controlled by the government since last December, declared on the other hand:

"We cannot see our way clear to do better than we are doing at this time."

Neither would discuss the possibility of a long continued "rate war" in his announcement Mr. Mackay explained that the twenty percent reduction represented the increase which Postmaster General Burleson put into effect including leased wire rates, and that the rates would be restored to what they were before the government took over the lines.

"In doing this," he said, "we wish to state that if taxes and expenses continue to increase, it will be necessary for the company to ask the indulgence of the public in again advancing telegraph rates for the whole or part of this twenty percent."

Night Leg-Rates Same

Present rates on night letters, he said, would not be disturbed, but probably would be reduced a little later. The head of the Postal Company said the return of the wires to their owners marked the end of a "powerful effort by the postmaster general and Bell Telephone-Western Union companies to eliminate the competition of the Postal Telegraph-Cable Company."

In a statement on the stand of the Western Union, Mr. Carlton said: "The Western Union wires reach 22,250 separate communities. The only other telegraph system reaches 1,760 communities or less than eight per cent of the total number served by the Western Union. The offices in over 20,000 small communities exclusively served by our wires are unprofitable to the company yet such offices are essential to the country at large and must be maintained."

Needs of Western Union employees for higher wages, he said, were recognized and they represented sixty per cent of the total cost of providing the service. He declared the Western Union would strive to pay its employees wages commensurate with the high cost of living and would "ask a very moderate and wholly defensible income," in return "for serving the whole public."

URGE UNRESERVED LEAGUE RATIFICATION

WASHINGTON, July 31.—Urging prompt and unreserved ratification of the league of nations covenant, Senator Ransdell, Democrat, Louisiana, declared in a senate speech today that the document met the ends of universal peace, "as closely as any human agency can."

"Every one demands," said the Louisiana senator, "that something should be done in order to save mankind from the horrors of war. Its enemies submit all of objections to this particular league, but propose nothing in its place. When one considers the mighty stake, does it not seem the height of folly to quibble and complain about each and every detail of the covenant, about whether this 'it' should be dotted or that 'it' crossed when the fate of humanity hangs in the balance?"

CROSSES SOUTH AMERICA BY AIR

SANTIAGO, Chile, Wed., July 30.—Lieut. Locatelli, a member of the Italian aviation mission now in Argentina completed today an airplane flight from Buenos Aires to Valparaiso, his trip marking the first crossing by air of the South American continent from the Atlantic to the Pacific.

Shipping Board Sells Hundred Steamships

WASHINGTON, July 31.—One hundred steamships built on the great lakes during the war have been sold by the shipping board to the Anderson overseas corporation of New York for approximately \$80,000,000.

This is probably the largest ship sale on record, the board said in announcing the deal tonight, and the vessels will eventually pass into French and Italian ownership.

Delivery of the ships will commence August 10, and proceed at the rate of six or more a week until completed, Chairman Hurley said. The ships range from 3,300 to 3,600 deadweight tons, draft.

Mr. Hurley made the announcement concerning the sale a few minutes before he left his office as chairman of the shipping board for the last time. Tomorrow he returns to private life, leaving for his farm in Illinois. The retiring chairman called at the white house and bade goodnight to President Wilson. The president thanked Mr. Hurley for the aid he had given during the past two years and said he would miss his counsel.

Mr. Hurley tonight was given a farewell dinner by Washington newspaper men who have "covered" the shipping board during his administration as chairman.

Mr. Hurley resigned last month to take effect August 1. His successor as chairman has not been announced but it is believed that John Barton Payne, whose nomination as a member of the board was reported favorably to the senate today will be appointed.

MAYS SUSPENSION ROILS YANK OWNERS

NEW YORK, July 31.—Jacob Ruppert and T. L. Huston, owners of the New York American league club expressed indignation today when informed by B. B. Johnson, league president that he had indefinitely suspended Carl Mays, the pitcher New York procured yesterday from the Boston club for three players and a cash sum of \$40,000. Ruppert immediately telegraphed Johnson asking him to revoke the suspension. "Johnson had two weeks to suspend Mays if he cared to," said Ruppert, president of the Yanks. "Why does he wait until we get him? Why does he make us suffer for a difference Mays and the Boston club, when Boston was willing to dispose of the player to us."

"The New York club was willing to invest quite a lot of money for Mays because we felt he could put the New York club back in the race, and we bought Mays for the help we hoped he would give us immediately. The next two weeks mean everything to the Yankees and if Mays is suspended during this period, it will be a terrible blow to us. It was our intention to use Mays in the game against Detroit tomorrow."

URGES SENATE TO ACCEPT LEAGUE

WASHINGTON, July 31.—The senate was urged today by Senator Owen, Democrat, Oklahoma, to accept the league of nations covenant in order to establish a new world order, and not to delay its action by "captious and partisan" disputes "over the wording of its various provisions."

"I shall not criticize the rhetoric or the verbiage of the covenant," said Senator Owen. "This covenant is wise. It is thoughtfully drawn. In its substance it is sound. In its purpose it is glorious. A perfect contract between scoundrels is worthless. An imperfect contract between trustworthy friends, who have fought and bled together in a common love of justice and liberty is of very great value. Let us be devoutly thankful for the opportunity to bind the world together in bonds of peace."

MEASURES PROPOSE UNIVERSAL TRAINING

WASHINGTON, July 31.—Universal army and navy and vocational training for youths between 18 and 20 years, and a national registration system are proposed in a bill introduced today by Senator Chamberlain, Democrat of Oregon and referred to the military committee.

The bill was prepared after conferences with military experts and returning soldiers and presented at this time to the committee may consider it in connection with a permanent military policy. Chairman Kahn of the house military committee also introduced the bill in the house. He explained the measure had been drafted by the training camps association in conference with military experts and senators and representatives favoring universal

7 G.O.P. SENATORS AGREE TO GROUP OF RESERVATIONS

Developments Shape for Sharper Definition of Treaty

WASHINGTON, July 31.—Developments shaped up today for a sharper definition of the senate issues raised by the league of nations and the Shantung argument while another and hitherto obscure section of the Versailles treaty relating to alien enemy property was brought under fire in the foreign relations committee. To the league controversy seven Republican senators at friendly to the treaty added a new feature by agreeing to a definite group of reservations whose wording they hope will furnish a middle ground attacking enough members of both parties to insure the league's acceptance by the senate.

Expect Shantung Declaration. Regarding Shantung it became known that in the very near future a declaration throwing light on Japan's intentions is definitely counted on by administration senators. It may come, it is said, from Tokyo, but failing that, from the white house.

The alien property section, brought into question for the first time was declared by Republican senators at a public committee hearing to "validate" in every respect the acts of A. Mitchell Palmer as alien enemy property custodian closing the door of legal appeal even to American citizens who were minority stockholders in German concerns taken over by the government. They cited a blanket clause in the treaty providing that no question shall be raised as to the regularity of a transfer of any property under war legislation. During the day there was more speech-making on the treaty in the senate and President Wilson submitted for ratification along with the treaty the protocol agreed to at Versailles containing additional requirements upon Germany. The president also was told by two more Republicans at the white house that reservations were necessary if the league is to be ratified. Of the day's developments the agreement of the seven Republicans attracted perhaps the widest attention at the capital.

Have Been Shaping Program

For several weeks, senators of that party who desire to see the league accepted have been shaping a reservation program designed to further protect national interests without weakening vitally the league covenant.

The result of their work was a group of four reservations relating to the powers of congress under Article Ten, the Monroe Doctrine, national control of domestic problems and the right of withdrawal.

The seven who gave their assent to these reservations in the phrasing as agreed on were Senators McCumber, North Dakota, a member of the foreign relations committee; McNary, Oregon; Cummins, Iowa; Colt, Rhode Island; Lenroot, Wisconsin; Kellogg, Minn.; and Spencer, Missouri. Altogether the extent to which they will be bound by their agreement was not revealed. It was declared they realized fully that they might hold the balance of power in any reservation vote and thus cut off any attempt for more radical qualifications as well as prevent unreserved ratification.

FRENCH CABINET APPROVES PROPOSAL

PARIS, July 31.—The French cabinet approved today the proposal that peace should be considered to exist officially from the date of publication in the official journal of ratification of the German treaty by the chamber of deputies, when completed. It was decided that the ratification of the German treaty should be considered to mark a state of peace without awaiting the completion of treaties with other powers still at war with France.

OPENS BACON SALE

Newark, N. J., July 31.—Mayor Charles P. Gillen tonight opened the city's sale of bacon released by the war department at a downtown engine house. During the day twelve other bacon depots, eleven in the city fire houses and one in a club house, were opened by volunteers of the women's section of the mayor's celebration

Cummings Says Article Not Vigorous Enough

WASHINGTON, July 31.—Homer S. Cummings, chairman of the Democratic national committee, called before the house subcommittee investigating aircraft expenditures to testify under oath tonight why he had permitted the publicity bureau of his organization to brand a proposed committee trip to the Pacific coast as a "junker," took full responsibility for the statement and declared it was not a circumstance to what would come later.

Cummings Smiles Continually

From the moment he entered the committee room and introduced himself to the members demanding the explanation, until he went away, Mr. Cummings was smiling while Chairman Fearrington pounded the table with great heat and stopped the proceedings to protest against replies stricken from the record. With mock courtesy Mr. Cummings, turning to the chairman and addressing him as "my good fellow" said that he knew before he arrived that he would be unable to satisfy the Republicans. There were one or two sharp retorts from Chairman Fearrington to one of which the witness lighting a cigar from another and still smiling, declared, "my wasn't that a delicate thrust."

At the outset Mr. Cummings told the committee that while he had not read the particular article to which the Republicans took offense he quite approved it except that it was not vigorous enough. It was during this questioning that Chairman Fearrington told the stenographer not to permit certain statements to remain in the record, to which the witness replied that in a court of justice he would have more rights. What the chairman wanted to know especially was the basis for the charge that the subcommittee was a "smelling committee" and that it soon was to start on a "junker."

Finally after a sharp wrangle, Mr. Cummings said that he understood the committee contemplated a western trip to look into spruce conditions relating to aviation, when all of this had been gone over by Charles E. Hughes.

"There have been other inquiries," the witness continued, "and this whole subject has been canvassed until it is thread bare. Moreover the taking up of a subject of this character by a committee which I submit is not friendly to the administration and not in a position to give an unbiased, reliable and in ordinary political parlance, a junket."

"Is it fair to this committee when it is ordered to make the trip to call it a junket," Chairman Fearrington asked.

Thinks Criticism Fair. "I think so," Mr. Cummings replied. "It is perfectly folly to spend money on a trip of this character when you ought really to send public accountants and when there are so many other problems, including the high cost of living demanding consideration." "The Republican organization," the witness went on, "has indulged in plenty of slander directed at the president of the United States and you should be sportsmen enough to stand mild criticism. This isn't a marker to what is coming."

"If you do there will be an investigation by the house," the chairman interrupted. "Fine," the witness replied, "I have quite enjoyed myself this evening."

HUN COMMISSION REACHES VERSAILLES

PARIS, July 31.—The German commissions charged with details of the delivery to France and Belgium of livestock called for by the peace treaty and the transfer of the coal mines of the Saar valley have arrived at Versailles.

WILSON GIVES CONSIDERATION TO PROBLEMS

Prices Affecting Average Citizen Assume First Place

WASHINGTON, July 31.—Governmental machinery was set in motion today in response to demands from the public that some official action be taken to relieve the high cost of living.

Wilson Considering Problems

Prices as they affect the average citizen assumed first place of interest in the capital. At the white house President Wilson was said to be giving deep and very thoughtful consideration to problems presented to him and the railroad administration by members of the railroad brotherhoods who reported that prices would have to come down or wages go up if social unrest was not to develop into upheaval. In the senate and house the situation gave rise to several resolutions to investigate the cause of existing price levels, another to reduce the volume of currency circulation as a means of deflating prices, one to request the attorney general to stop speculation in foods on exchanges, and another to sell this year's wheat crop at market prices instead of at the government guarantee, the difference to be made up by the government.

Palmer Meets Officials

Late today Attorney General Palmer met high government officials whom he had summoned to his office for a discussion of high costs and the best methods to pursue to effect a reduction. After a general talk lasting nearly three hours the conference disbanded to meet again, probably next week, for further conferences based on additional information to be collected in the meantime. Those attending the conference included Secretaries Glass, Houston, Redfield and Wilson, Director General of Mines, Chairman Murdock of the federal trade commission, Assistant Secretary of the Treasury Leffingwell and W. B. Colver, of the federal trade commission. It developed today that demands for more wages were pending before the railroad administration from several hundred thousand employees.

Perhaps the frankest talk which government officials have had in a long time came from the statement of W. G. Lee, president of the trainmen, before the wage adjustment board. Mr. Lee told the board that an increase in wages was not the proper solution of the present hardships under which working men are laboring, because they would be followed by an increase in the cost of everything which would mean that they would not get ahead. "Until all classes get together to stop 'profiteering,'" he said, "the only thing for every one to do is to get all the wages he can, a course which he declared would result eventually in precipitating the 'upheaval' now starting the country in the face."

As a step towards breaking the high prices, plans were made by Secretary Baker, Postmaster Burleson and Representative Kelly, of Pennsylvania to sell thru the parcel post surplus army food stocks valued at \$124,000,000.

Decline to Discuss Conference

Officials who attended the attorney general's conference declined to discuss what took place. Mr. Palmer stated that the conference was called chiefly for the postoffice making a survey of the situation, developing any information on which the head of the nation's law enforcement machinery might act to curb profiteering. "It seems to be a universal pastime, putting this thing up to the attorney general," said Mr. Palmer, smiling. "Even the government have taken to calling this department for existing price levels."

Mr. Palmer admitted that there was no law by which prices could be lowered directly, but he declined to say whether new legislation was needed to enable the department to punish men who may be guilty of profiteering.

"There is a great deal of good law on the statute books," the attorney general said.

Ready With Information

When a course of action is decided upon, the federal trade commission is understood to be ready to supply the most extensive collection of industrial information ever gathered by any government. Production cost figures have been obtained by the commission on industries representing \$20,000,000,000 of capital as the result of its activities during

"Too much jazz" among young men attending college, is the complaint of a university professor. These lively youngsters are the ones who "do things" later in life.

There is talk of a decreased acreage of wheat, but as long as the price keeps up wheat will be sown to a large extent by our farmers. There is no indication at present that prices will be reduced to any extent.

The Dominion government has decided to buy and market the Canadian wheat crop this year, the crop to be sold "at prevailing world prices" and the surplus proceeds to be divided among the original sellers of the wheat. Speculation and profiteering will be prohibited. Our own government might well look up the question of profiteering.

One thinks of a chaplain in an army as a non-combatant, but the statement recently made, officially, by the war department does not confirm that idea. The statement is that sixty-four army chaplains were killed or wounded on the

western front of battle in Europe, the largest number of casualties considering the number in the field, of any one organization taking part in the war. Twenty-three of these men were awarded the French Croix de Guerre, four the distinguished service medal, two the cross of the legion of honor and one the Belgian war cross. The chaplains can well be proud of their record.

A PEOPLE'S MOVEMENT

The mass meeting of citizens at the court house tonight to consider matters relative to the proposed bond election should be largely attended. It has been suggested by the city council in answering the petition for a bond election, that a committee of citizens be named to co-operate with the city council. It is the evident intention of the administration to carry out its often repeated statement that this is a people's administration, and certainly the people should respond to the suggestion made with reference to the bond election.

REACHED QUICK AGREEMENT

The quick and amicable settlement of the questions at issue between the firm of J. Capps & Sons and their employees is a matter for congratulation from a city standpoint. The prompt settlement gives evidence of the satisfactory relationship existing between the members of the firm and their employees. There was evident a reasonable attitude on the part of both. The employers readily conceded that there are times when living conditions warrant wage changes and the employees were willing to make certain concessions. The arbitration of differences between employers and employees is certainly the reasonable and effective way for settlement. The Capps firm now employs more than 350 people and the weekly distribution of wages there constitutes a very important part in the sum total of local industry.

THE GOVERNMENT FOOD SALE PLAN

The government has decided on the distribution of surplus food supplies to offer the goods direct to consumers providing for the distribution thru postmasters and rural carriers. In the army organization officers for "mess" were able to buy supplies from the government commissary department at cost and it is the testimony of some officers now out of service that these prices were fully 50 per cent less than the present retail prices, and moreover, that the articles purchased were of good quality.

Buying in such tremendous quantities, the government could be expected to obtain a more favorable price than person buying in small quantities. Furthermore, these big purchases were made many months ago when general market conditions were on a lower level. It is therefore entirely reasonable to expect that when the price lists are received by postmasters that goods will be found offered at very much less than present retail prices.

But it is also easy to figure that 341,000,000 pounds of supplies will not amount to much when it comes to distribution by 54,000 postmasters and 100,000 or 200,000 rural carriers to 100,000,000 people. With these figures in mind don't imagine that the government in offering these goods direct to the consumer is going to cause any very perceptible difference in general market conditions.

Vital Issues. Where are now the vital issues of some twenty years ago? They have moldered, wraps and tissues, and their dust blows to and fro; how our giant statesmen thundered o'er those issues, in their day! Often I have mused and wondered why such things must pass away. All the things that were important, long ago are gone like dew, and we worry, tho we'd ortn't, over issues fresh and new. Where are all the ancient trou-

bles over which we walked the floor? They are gone, like broken bubbles, and they'll plague us never more; and the man of wisdom borrows from the past no kind of grief; there are always modern sorrows over which to wall and weep. Ten years hence, if we are living we will wonder why we sighed o'er the woes that now are giving trouble deep and double dyed. Where are now the mighty sages who had fame when we were young, whose renown, thru endless ages, all the world said, would be rung? I could name perhaps a dozen who were shining landmarks then, but their names no more are buzzin' in the eager ears of men. Twenty years can make such changes, calling off our safest bet; and the march of times deranges all the values we have set.

Mrs. J. D. Adams of South Main street is seriously ill.

It is gratifying to note the improvement in the condition of Major C. E. McDougall, who has been ill for a number of weeks. Mr. McDougall is now able to sit up a part of the time, to read and is gaining strength every day.

John N. Joaquin remains seriously ill at his home on Davenport street. Mr. Joaquin has been ill now for the past three months. His condition is such recently that his son Paul is here from Saginaw, Mich.

WILL BE HEAD PRINTER AT STATE UNIVERSITY

Herbert J. Henderson left Thursday afternoon for Urbana where he will assume his duties as head printer of the University of Illinois press. Mr. Henderson was recently appointed to this position after passing a civil service examination with high rank. The position is a responsible one as Mr. Henderson will have charge of the publication of the university paper "Hillini" and will have a number of skilled printers under his control.

Mr. Henderson's family will for the present remain in Jacksonville and his son, Lawrence J. Henderson, will be in charge of the Henderson printing shop.

SOCIAL FOR

RETURNED SOLDIERS

A social for returned colored soldiers and their friends was given by McCabe church on the lawn of Mr. and Mrs. Marion Meadows on Cox street Thursday evening. About seventy-five were present. A musical program was given and some of the soldiers told of their experiences overseas. Refreshments were served. The affair was given under the direction of Rev. M. L. Mackey, pastor of McCabe church.

FORMER RESIDENT DEAD AT MONTICELLO

Miss Mary McCool Died Thursday at Home of Sister—Remains Will be Brought Here for Burial.

Word was received here Thursday of the death of Miss Mary McCool, a former resident, which occurred at the home of her sister, Mrs. Emma Calvin, in Monticello. Deceased was the daughter of the late W. P. McCool, and was born in this city and most of her life was spent here. The family home being on South West street. About ten years ago the family removed to Springfield which has since been her home.

Miss McCool was a member of Centenary church while resident in Jacksonville, and was a young woman who had many friends who will learn of her death with regret.

She is survived by her mother who resides in Springfield, three brothers, John of Kansas, Charles of Kansas City, and Elmer of Springfield, and one sister, Mrs. Emma Calvin of Monticello. The remains will arrive over the Wabash at 12:45 o'clock this afternoon and will be taken to the mortuary of J. G. Reynolds. Funeral services will be held at the Reynolds chapel, the time to be announced later.

Matrimonial

Handley-Dieckman. The marriage of Ernest Handley of Concord and Miss Elsie Dieckman of Meredosia was solemnized at the court house Thursday afternoon, Squire W. T. Dyer officiating. The groom is now employed at the Concord elevator. Both young people have many friends who wish them well.

Paschall-Meyer. Homer Paschall of this city and Miss Eva Meyer of Beardstown were united in marriage Thursday afternoon at Taylorville by the Rev. G. W. Flasse, an uncle of the groom who formerly was pastor of Centenary church. The young couple went to Taylorville Thursday morning in company of Mr. and Mrs. Douglas Hunt.

The groom is the son of Mr. and Mrs. J. A. Paschall and was born in this county and for a number of years past has resided in this city where he attended the public schools. He has but recently returned from a long period of military service overseas. Since his return he has been associated with his father in the coal business.

Mrs. Paschall is a resident of Beardstown but has been attending school in this city the past year. She has been making her home with Mr. and Mrs. George Sargeant of South East street. She is a young woman whose charm of manner has won for her many friends.

They will make a brief wedding trip to Chicago after which they will take up their residence in this city.

JUDGE LAYMAN FAVORS BOND ISSUE

Ludington, Mich., July 28, 1919.

Editor Journal: I notice from the Journal that the citizens of Jacksonville are fully aroused as to her financial condition, which speaks highly for them.

I have been much interested in reading the views of quite a number of her well informed citizens, especially those of Mr. Hairgrove and Mr. Gause. I sometimes think that as individuals, communities and as a nation, we sorely underestimate our privileges and environments. Jacksonville, with her state institutions, colleges, public schools and churches, and situated in so fine an agricultural locality, is one of the most highly favored cities in the entire country. She has as brave and noble women and men as dwell under the stars. (I mention the women first,) and the words of the poet fully apply to them:

"They too, soon shall meet at the bend of the road, And rejoice in earth's victories won."

Then they'll march thru the gates of the city of God, Yes, they'll march where the brave of all ages have trod, With Old Glory aglow in the sun."

But with all these splendid opportunities, two things we lack as yet, that is, to pay off our public debt as soon as possible, and establish a permanent supply of good water.

When we form ourselves into a nation, states and communities we place ourselves under a legal and high moral obligation to bear the burdens these associations necessarily require of us. Very few public enterprises of much importance are established without bonded indebtedness. I am fully of the opinion that the best thing Jacksonville can do to meet her financial obligations, is to issue a sufficient amount of bonds to cover her floating debt and also to provide the means for the completion of the reservoir and make the bonds redeemable in say four equal installments of five, ten, fifteen and twenty years. I believe our people will be willing to vote for such bond issue.

During the life of these bonds let a sinking fund be set aside each year to meet them and have the current expenses paid each year, which it seems can be done under our present revenue laws.

M. T. Layman.

BARNES WILD ANIMAL CIRCUS WILL BE HERE

Frank A. Cassidy, Contracting Agent Was Here Yesterday Making Arrangements — Will Appear August 18.

Frank A. Cassidy, contracting agent of the A. I. G. Barnes big four ring wild animal circus, was in the city Thursday making arrangements for the appearance of the circus here for two performances, Monday, August 18, and Tuesday, August 19.

Barnes' Wild Animal Circus is advertised as the show that is different. The show carries 1,200 performing animals which appear in 103 sensational acts.

While a circus is a source of pleasure to the young people they always grow enthusiastic over animal performers. The Barnes circus is purely an animal show. The animals do things that astonish as well as delight and there is almost the human element in some of the acts.

One of the main features is called the "Circus Act Beautiful," in which appear forty dancing horses and forty dancing girls. Thirty full grown African lions will appear in one act. This group of lions is valued at \$50,000. Then there is Tom, Dick and Harry, the Horse Riding Seals, Clown pies, Sampson, the aerial lion who rides in a balloon, surrounded by shooting skyrockets.

One feature of special interest to the children will be the fairyland fantasy, "Alice in Wonderland." This is produced under the personal direction of Mr. Barnes. Hundreds of people, horses and animals take part in this wonderful pageant.

The circus will give a big parade at 10:30 a. m., which is two miles in length. This will be followed by some free acts which will be given at the show ground immediately after the parade.

MAKE IMPROVEMENTS AT CHRISTIAN CHURCH

Re-decorating and Electrical Improvements Now in Progress—Pastoral Helpers to Pay for Work.

Mention has previously been made of the improvements which are planned for Central Christian church. The work began a number of days since and will be completed some time in September. The improvements which are being made will cost approximately \$2,000 and this sum is to be furnished by the Pastoral Helpers of the church.

C. H. Schanbacher & Co., of Springfield have the contract for the re-decorating work and G. A. Sieber of this city has the electrical contract. Chandeliers of an attractive design are being installed in the auditorium and new fixtures are being placed in other parts of the church. Boulevard lights are also being placed on the lawn. Various minor improvements are also in progress, and when the work is completed the church will present a very handsome appearance. Scott P. Carter is doing the carpenter work.

The members of the Pastoral Helpers society are to have charge of the dining hall at the coming chautauqua and the proceeds from this undertaking will be made a part of the improvement fund.

CIRCUIT COURT SUIT. A suit in assumpsit filed yesterday by Wilson & Butcher in the office of Circuit Clerk Boston for Lucinda C. Vandeventer against C. A. Young. Only the praecipe has been filed and damages are asked in the sum of \$2,000.

The suit brought by Edith Rhodus against Henry Miller for trespass in which damages of \$10,000 were asked, was withdrawn, the complainant and defendant having settled their troubles by the issuance of a marriage license. C. E. Robinson was attorney for the complainant.

Miss Ethel Alderson has ended a pleasant visit with relatives in this city and has returned to her home in Thayer, Ill.

DAVENPORT FUNERAL HELD AT WINCHESTER

Former Resident Who Died in Chicago Laid to Rest Wednesday—Death of Israel Scott—Other Notes.

Winchester, July 31.—The funeral of Arthur L. Davenport occurred Wednesday afternoon at 3 o'clock at the Baptist church in the presence of a number of relatives and friends. The members of the Masonic lodge attended in a body. A solo, "Abide With Me" was given by Samuel G. Smith. Then Rev. W. R. Johnson read as a scripture lesson the 23d Psalm and this was followed by a prayer. After another solo by Mr. Smith, "A Perfect Day," Rev. Mr. Johnson delivered the sermon and made a prayer. The closing number was "Face to Face."

Arthur Davenport was born in Norfolk, Mass., in 1869, and came to Illinois when but four years of age. He was married to Miss Lula Cheatum of Pike county. He became a member of the Masonic lodge a number of years ago.

Deceased is survived by his wife; two sons, Ames and Earl, all of Chicago; two sisters in California and one brother residing in the east.

The many and beautiful flowers were cared for by Mrs. C. E. Tankersly, Mrs. Herbert Hazelrigg and Miss Frances Coultas. The pall bearers were Joseph Roark, D. D. Watt, T. D. Smith, E. J. Frost, Wilson Coultas and Ivan Hawk. Burial was made in Winchester cemetery, and the Masonic order had charge of the services at the grave.

Mrs. Edward Balesley is confined to her home by illness.

J. W. Kellen has taken up his residence at the Cheseldine House, having sold his residence on North Main street to William Watt and wife.

Miss Nellie Dawson of Chicago is visiting relatives here.

Court was in session Wednesday and Thursday morning, when the case of the people of the state of Illinois vs. Charles Cole for selling unlawful sized fish was tried. A verdict was rendered in favor of the people. Court closed Thursday at noon.

A marriage license was issued Wednesday to Walter A. Day of Alsey and Ada H. Smith of Roodhouse.

Mrs. Milton Hazelrigg and daughter Miss Nellie left Wednesday for St. Louis to visit relatives.

Mrs. Amanda Barnes and sister Miss Hawk have moved into their new home which they purchased of William Kirkpatrick.

James Day, Jr., left Thursday morning for Danville to visit relatives.

Israel Scott passed away Wednesday afternoon at his home after an illness of several weeks.

He was 69 years of age and had resided in Scott county all of his life. He is survived by the widow, two sons, Walter and William, three sisters, and six brothers. The funeral services will be held Friday afternoon at three o'clock at the Christian church.

IMPROVING THE MORTON ROADWAY

County Commissioner Charles Magill is supervising the work of putting the strip of roadway between Morton avenue and the end of the hard road in passable condition. It has been so long since it was possible to drive over this stretch of roadway with any degree of comfort that owners of vehicles using the roadway in the future will hardly know the place with the old familiar bumps and holes gone.

The road has been graded and scraped with about 45,000 gallons of water to pack it after grading. Then it was scraped again and four or five thousand gallons of oil applied. When finished it will be a credit to the efforts of the commissioner aforesaid. It was really in the province of the city to see that this much needed improvement was attended to, but being in a bankrupt state, it is supposed that such a move was out of the question for the municipality to contemplate.

It remained for Mr. Magill to take a hand and bring this work to a successful completion.

AVOID BOTH EXTREMES

Editor Journal:

Two provisions of the motor law are violated nightly in and around Jacksonville. First, it is not uncommon to see cars, even where traffic is crowded, running after night without lights. Again many drivers fail to dim their lights when meeting other cars. Both these practices are not only unlawful but dangerous and some night will result in a bad—possibly fatal accident.

GOVERNMENT MOVES TO LOWER PRICES

(Continued from Page One.)

the war in advising the government what prices to pay for the millions of dollars of purchases made by it.

The commission's investigations during the war are said to have shown that profiteering was at a minimum in the retail traders most of the exorbitant profits being made going to the manufacturers and wholesalers.

As a remedy the commission generally is understood to favor a licensing system for corporations doing an interstate business, the system to be applied first in those cases where the mulcting of the public has been most flagrant.

Will Move to Enforce Demands
William G. Lee, president of the Brotherhood of Railway Trainmen announced today that unless the railroad administration had taken action by Oct. 1, on the demands of the brotherhood that wages of the trainmen either be increased or the cost of living reduced steps looking to the enforcement of the demands would be taken.

Answering questions, Mr. Lee said he did not believe in giving any one class advantages at the expense of another, but said as long as present methods continue he believed in everybody getting his share as nearly as he could, "until the final upheaval comes, and in my opinion it is looking us in the face."

He declined to suggest how prices could be reduced saying the country was paying millions of dollars to the "men on the hill" (capital) who are supposed to have all the brains in the country.

try," and they are not acting to stop the increases.

"I am not a red card man, but I am coming close to it. If this thing keeps up," Mr. Lee said.

Tells of Winnipeg Experience
Asked what would be his opinion as to wage rates based on present food prices, if the price level should decline materially, Mr. Lee said he did not feel justified into going into the question but asked to be allowed to tell of his experiences in the recent strike at Winnipeg, where he said he found conservative, home-owning members of his organization throwing away all they had gained in twenty five years of membership and joining the general strike because they said "to hell with all this; we cannot stand it anymore. Come with us and we will correct it."

Mr. Lee said they could not make contracts for the future, not knowing what tomorrow would bring forth. He declared he could not justify the fact that wheat was \$2.25 in this country and flour perhaps \$14 a barrel, when flour made from the same grade of grain sells in England for \$5.11.

Disapproves Cost Plus Contracts
"I want, if possible to see some plan devised here that will permit somebody to say that beef, pork and commodities of that kind cannot go above a certain price," Mr. Lee said. Mr. Lee also expressed emphatic disapproval of cost plus war contracts by which he said owners of inferior factories had obtained fine plants and big profits at the expense of taxpayers. It was such things, he declared, which caused the railroad employee, faced by growing expenses to be willing to follow a "red flag or anything that comes along."

"I will admit to you gentlemen, that we are going the wrong way. I admit to you that it is time to call a halt; and I admit to you that until we get together to stop this, there will be hell in this country—and it is nearer today than I ever knew it in my years of experience. Just let somebody drop a match in this country of ours and it will be a sorry day for all of us."

Paris, July 30.—(By The Associated Press).—Turks and Tartars are moving up on the Armenians from three sides. They have cut off the Armenian relief supplies and threaten all the remaining Armenians with extermination unless additional military protection is afforded according to dispatches from Major Joseph C. Green, of Cincinnati, who is directing the American relief administration's work from Tiflis.

CONVICT SALOON KEEPER

Chicago, July 30.—Samuel Katz, a saloon keeper, was found guilty of violating the Illinois search and seizure law, the first conviction of the kind in Chicago since war time prohibition went into effect and possibly the first conviction in the state. Katz, found guilty of selling whiskey, was fined \$50.

London, July 30.—An attempt to settle the Yorkshire coal strike today proved unsuccessful. The conference of mine owners and strikers, held at Leeds at which it was hoped a solution of the difficulty might be reached failed to effect an agreement.

REDUCING MARINE CORPS

Washington, July 30.—Reduction in rank or discharge of more than 1,300 officers of the marine corps was announced today by Major General Barnett as a part of the program of reducing the corps from its war time strength of about 75,000 officers and men to a permanent strength of 25,000.

SYSTEM EFFECTIVE AUG. 1

Washington, July 30.—The permit system devised by the railroad administration and grain corporation for controlling the shipment of this year's record grain crop will be put into effect August 1.

SAYS DOCTOR TOLD HIM TO TAKE TANLAC

A. F. Roberts, Successful Cattle Dealer Gains 16 Pounds in 60 Days Taking Tanlac.

"One of the best doctors in Colorado advised me to take Tanlac and it has not only overcome my troubles but I have gained sixteen pounds since I began taking it sixty days ago," said A. F. Roberts, who lives at Rocky Ford, Alberta, Canada, a few days ago. Mr. Roberts is one of the largest cattle dealers in his section of the country, and before moving to Canada a short time ago, he had spent most of his life in Colorado, U. S. A.

"I can now understand why Tanlac enjoys such wide popularity both in Canada and the United States," continued Mr. Roberts, "and since it has done me so much good, I know that it is a very dependable medicine and deserves all the praise that is being given it. For the past two years I have suffered from stomach trouble, and when I commenced taking this Tanlac, it was almost impossible for me to retain anything I ate. I was very nervous and never got a good night's sleep, and finally got so weak and rundown that I was hardly able to get about. I often had dizzy spells, and was bothered a great deal with constipation."

"My physician certainly knew what he was doing when he prescribed Tanlac for me, for it has done the work for me, as I am as healthy and strong now as I ever was in my life. In fact it has done much more for me than I expected it would do. I have a fine appetite and everything I eat agrees with me perfectly, and I never have the slightest sign of stomach trouble of any kind. I am no longer bothered with constipation, and never have those dizzy spells any more. I have regained all my strength, too, and that nervousness has left me, and I sleep like a log every night. In fact, I am simply enjoying perfect health again, and I give Tanlac credit for it all."

Tanlac is sold in Jacksonville by Coover & Shreve; in Moredosta by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by the Wyle Drug Co.

CITIZENS EXPRESS VIEWS ON CITY'S FINANCIAL PROBLEMS

Since the publication of the city's financial statement on July 1 there has been a great deal of discussion as to the best method to follow to pay the city's indebtedness. The administration has asked that citizens discuss the question freely and offer any advice or suggestions which may occur to them. The Journal is glad to give space to the following statements from a number of Jacksonville citizens bearing on the subject of the city's financial problems:

O. N. Barr.

"I most assuredly am in favor of a bond issue. I hope that one is arranged for without unnecessary delay and that it will be large enough to cover the addition of a filtration plant at the new reservoir. I believe that the debts of the city should be paid promptly, but naturally I am much more interested at this time in the water question. The lack of clear water and at times scarcely any at all, has been a great handicap to my business, and my inability frequently to get work out on time, due to this cause, no doubt has been a source of some irritation on the part of patrons. The lack of pure water, and plenty of it, is a positive detriment to the city in many ways. The city's debts once paid I do not think there should be any difficulty in operating the city properly on its revenue."

Charles DeSilva.

"I believe that a bond issue is the only fair and feasible plan to put the city on its feet. Something should be done right away; the longer the delay, the deeper we are in and the harder it will be to pull out. I think the bond issue should be large enough to insure the addition of a filtration plant at the new reservoir. The city will take on a new lease of life so that we hardly will recognize it for the same once pure water is running thru these old mains."

J. H. Zell.

"When I haven't the money to pay my debts and to run my business, I borrow it and make the profits which I gain pay the interest on the loan, and my regular business sooner or later meets the principal. Now, this is the only thing for the city to do. There can be no ifs, ands or buts about it; we can't get along hampered

by debt, but with any sort of good business management and judgment we can make this old city a success after it is once free from debt. Let's have that bond issue, and let's have it big enough to see that we get a filtration plant put in in connection with the new waterworks. I certainly would like to see a municipal light plant erected in connection with the work now going on, and believe that we should consider the future gains and make such provisions now."

James McBride.

"There is no question in my mind about the advisability of a bond issue at this time. It will have to come before long anyway, so why not take it now and get the city's debts paid off and in shape to take on real progress. When there is nothing to be gained by delay, why wait? And, say, I don't want the question of pure water overlooked; let's get those filters put in while the present work is going on. The increased water revenue will take care of this, and every individual in the city will be the gainer in health and pocket book."

W. R. Rawlings.

"Yes, we are in favor of a bond issue as the practical way to solve the city's difficulties. Really, is there any other fair way out? As has been stated by several persons in the interviews published a city presents the same financial problems that every business man one or more times in his life has to go up against, and the remedy is the same. If you are worth it—to borrow, borrow through the medium of bonds. I can't see that the city can make any progress in its present condition. If we are to grow, as every loyal resident ought to feel that we should, we must get the city out of debt, provide our administration with sufficient revenue to give us the things we demand, and take the added steps necessary to secure an abundance of pure water."

FINAL REPORT MADE IN OREAR ESTATE

J. P. Lippincott as Executor Shows Legacies Cannot Be Fully Paid.

In the probate court yesterday J. P. Lippincott as executor of the will of Mrs. Sallie B. Orear filed his final report, which was approved by Judge Samuel. The report showed that all claims against the estate have been paid, chattels inventoried and appraised have been delivered to the various legatees, court costs cared for and that there is a deficiency in the estate for the payment of the several legacies provided for.

It is shown that after the payment of all the matters enumerated above that there remains the sum of \$11,000 for application upon the several legacies. This sum of \$11,000 was bequeathed in trust to the executor for and during the life of Thomas B. Orear. The fund which will eventually be available for the payment of legacies is reduced to such an extent that the amount of payment will be approximately 20 per cent less than the amount specified in the will.

The amount of the pro rata payments to the several legatees will be as follows:

Social Events

Methodist Ministers Picnic at Nichols Park.

The Methodist ministers of the city and their families enjoyed a picnic supper at Nichols park Thursday evening. Dr. F. A. McCarty and family of Quincy who are visiting here were guests of honor. About 35 were present and supper was served about 6:30 o'clock. Afterward several hours were spent socially and the occasion proved one of great pleasure.

Mrs. Thomas Brown Hostess to Helping Hand Class.

Mrs. Thomas Brown was hostess to the Helping Hand class of Hebron church at her home Thursday afternoon. The weather was intensely hot there was a good attendance. Following the business session and program officers were elected for the ensuing year. The officers are:

President—Mrs. Charles Bealmeier.
Vice president—Mrs. Louis Ward.
Secretary—Miss Anna May Wilson.
Assistant secretary—Miss Inabel Swain.

Treasurer—Mrs. Clyde Martin. Following the election a social hour was enjoyed and the hostess served refreshments.

The next meeting will be the annual picnic of the class which will be held at the home of Mr. and Mrs. Charles Bealmeier Thursday, August 14.

Gave Automobile Social

Members of the Young People's society of the Congregational church with invited friends enjoyed a lawn social at the home of Miss Emma Daniels on Grove street Thursday evening. It was an automobile social and placards and designs of various kinds were used to represent sixteen different cars. There was a guessing contest in conjunction and Caroline Doane was captain of the blues and Katherine Wilson captain of the reds. The blues won on points and the award was a diminutive Ford truck filled with candy. Altogether it was an event that the young people thoroughly enjoyed.

RECOMMEND TRIAL OF JOSEPH CAILLAUX

PARIS, July 31.—Trial by a high court of Joseph Caillaux, the former premier, who has been under arrest a year and a half charged with having had treasonable dealings with the enemy, is recommended in the conclusions of Theodore Lescoupe, attorney-general of the republic. N. Lescoupe's report has been filed with the commission of inquiry which is just closing its long investigation.

It is understood that the attorney general finds no ground for prosecution of the accused deputy, Louis Loustalot, who was involved with Caillaux, or of Paul Comby, the lawyer, also accused in the same connection.

Captain Mornet who prosecuted M. Duval, who was sentenced to death and executed in connection with the Bonnet Rouge case, and Pierre Lenoir, who also was sentenced to death on a charge of trading with the enemy, will assist M. Lescoupe in the prosecution of Caillaux if the commission of the high court adopts the conclusions in the attorney general's report.

MRS. RUTH HEMENWAY SHAW

Mrs. Ruth Hemenway Shaw is coming to our chautauqua again and is going to read from the play "Friendly Enemies" and also some other good things. This will delight Mrs. Shaw's many admirers here.

The play she has selected deals with two men born in Germany who came to America—one of them became thoroughly Americanized in short order—the other clung to his love for the fatherland. The time of the play is laid during the Great War and it is filled with patriotism and wit and judicious situations. The play itself has been very popular and enjoyed long runs in the large cities.

Mrs. Shaw has a delightful personality, much charm and grace, and a sweet voice which lends itself admirably to her work. Her subject is appropriate at this time and she will please her audience even more than she did on former appearances here.

DEATHS

Wahrenbrook.

August Henry Wahrenbrook died at his home, 620 South Kosciusko street, at 12 o'clock noon Thursday. About 11 years ago Mr. Wahrenbrook was stricken with locomotor ataxia and since that time has been an invalid.

He was born in Westphalia, Germany, July 25, 1855. He grew to manhood in that country, coming to America in 1884. In 1887 he was united in marriage to Miss Carrie German of this county.

Upon their marriage they removed to Kansas City, Mo. Here for 18 years Mr. Wahrenbrook was employed by the American Express Company. He gave up his work in that city in 1907 and returned to Jacksonville which has since been his home.

Mr. Wahrenbrook is survived by his widow. He was a man conscientious in the performance of any duty assigned him and was highly regarded by all who knew him.

Funeral services will be held from the residence at 10 o'clock Saturday morning with burial in Diamond Grove cemetery.

PUMPING STATION MAN LOSES FINGERS

Oscar Reams Loses Index and Middle Finger When Hand Is Caught in Machinery at Concord—Is at Passavant Hospital.

Oscar Reams, an employee of the Burlington in charge of the pumping station at Concord, and the index and middle fingers of his right hand badly mangled Thursday morning about 9 o'clock when his hand was caught in the cogs of the pumping machinery.

The injured man was rushed to Passavant hospital where Dr. Reid attended him. It was found necessary to amputate the index and middle fingers. Dr. Wolman assisted in the operation.

Reams is a man about 65 years of age and has been in the employ of the road for some time. It is said that but for his clothing getting caught and stopping the machinery he probably would have lost his arm. He was resting as easy as could be expected Thursday evening.

Great Majestic Range Bargain Week

Special Demonstration and Bargain Sale of Majestic Ranges At Our Store—One Week Only

AUG. 4 TO 9TH INCLUSIVE To Be Truly Economical There Should be a Majestic in Your Kitchen

THE BARGAIN And It's Well Worth Your While

Through special arrangements with the manufacturers, and during this Bargain Week only, a beautiful, useful and substantial set of Cooking Ware will be given with every Majestic Range sold. This ware is good ware (not cheap ware)—it's worth a lot to you. Come and see for yourself.

AND REMEMBER—The price of a Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon. YOUR OPPORTUNITY IS HERE—

At our store—during our Majestic Bargain Week. It's your chance to get acquainted with real facts about ranges. We assure you it will be worth your while to investigate.

Two New and Important Features

THE WONDERFUL UNSEEN RIVETING—Yes, it's rivet-tight, just like the old Majestic, but the rivets clinch inside of nickled parts, leaving nickel smooth as glass, and there are no big, bulky bolt-heads on the inside. And, remember, rivets hold tight; bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.

OH, JOY! TOP NEEDS NO BLACKING—A smooth, highly polished cooking top, burnished blue, not only adds to the beauty of the Majestic, but absolutely eliminates the work, dirt and worry of trying to keep the range looking nice—just an occasional thin coat of paraffine retains its beautiful velvet blue color. If you haven't a MAJESTIC, avail yourself of this opportunity to get acquainted with this wonderful range—know the inside of ranges.

EMPLOYEES ACCEPT COMPROMISE PROPOSAL

Differences Between J. Capps & Sons and Employees Compromised in Satisfactory Way Thursday Night—Will Have 48 Hour Week and 10 Per Cent Wage Increase.

For several days conferences between the firm of J. Capps & Sons and employees have been in progress with reference to shorter hours of labor and an increase of wages. The differences were compromised in a very satisfactory way last night when the employees by a unanimous vote decided to accept the offer of the firm for a 48 hour week and a wage increase of 10 per cent. This increase applies to employees who are on weekly wage and will be adjusted in a proportionate way for piece work.

At the meeting of the employees held at the court house last night Harry Perry was the chairman and Edward Austin, the secretary. After the proposal of the firm had been received from the conference committee it was discussed in a general way and then by a unanimous vote accepted. Subsequently the committee which had represented the workers in the conferences was delegated with authority to transmit to the firm the decision of the employees.

The mill is now conducting an active business and there are more than 350 persons on the pay roll. They were largely represented at the meeting last night. In order to provide for 48 hours of work each week and the half holiday on Saturday it will be the plan to begin work Monday, Tuesday, Wednesday, Thursday and Friday of each week at 7:20 o'clock and run until 5 o'clock, with an hour's intermission at noon, and on Saturday the hours will be from 7:20 until 12.

The committee at the meeting last night presented the following communication from the firm which very clearly outlines the compromise proposal and it was this report upon which the committee acted favorably.

CITIZENS MEET AT COURT HOUSE TONIGHT

Gathering Called to Talk Over Matters Relating to Proposed Bond Issue.

Attention is again called to the mass meeting of citizens to be held at the court house this evening at 8:15 o'clock. The purpose is to discuss the proposed bond issue and to appoint a committee to co-operate with the city council in considering matters relative to a bond issue and an election.

This will be a general and public meeting to which all men and women interested in the welfare of Jacksonville are earnestly requested to attend. The subject is one in which the people are thoroughly interested and for that reason a large attendance is urged, even if the weather is unfavorable for public gatherings.

IS ENJOYING VISIT IN CALIFORNIA

Wayne Grimsley, son of Mrs. A. K. Grimsley of Franklin, is enjoying a number of months at Colton, Cal. Recently the young man wrote his mother of a recent visit he made to the home of relatives in Santa Ana. On the journey he saw one of the first orange trees that was put out in California, and this tree has the distinction of having been planted by Abraham Lincoln. He also tells of a recent visit to a large oil field and what is said to be the largest vineyard in the world. The climate in the western state he describes as ideal.

TOURISTS PASS THRU CITY

Frank V. Shaw, wife and four children, of Fairfax, Oklahoma, reached Jacksonville Thursday en route to Benton Harbor, Mich. The party are traveling in a Buick touring car and report that throughout the entire trip, with the exception of a few miles thru Mason City, they found the roads extremely dry and dusty.

MARRIED IN ST. LOUIS

A number of Jacksonville people have been informed of the marriage in St. Louis of Walter S. Graham and Miss Clara Straus. The ceremony was performed by Rev. F. W. Leavitt. The bride is said to belong to a wealthy St. Louis family. The groom was at one time a resident of Mercedia and for a number of years lived at the home of his sister, the late Mrs. H. M. Ticknor, in this city.

Rev. M. L. Pontius and family are expected home today from Corona, Ind., where they have been for nearly two weeks visiting relatives.

AUGUST 20 VICTORY DAY AT STATE FAIR

Gov. Lowden Issues Proclamation Designating Wednesday, Aug. 20 as Victory Day at Illinois State Fair—All Veterans to Be Guests That Day.

Springfield, Ill., July 31.—In a proclamation issued recently, Gov. Frank O. Lowden designated Wednesday, August 20, as Victory Day at the state fair on which date the exposition gates will be thrown open to all veterans of the Civil war, the Spanish-American war and the great war just ended. The fair this year is from August 15 to 23, inclusive.

Co-incident with the proclamation of the governor, B. M. Davison, director of the fair, announced that either Lt. Col. Theodore Roosevelt, Jr., or Captain Archie Roosevelt would be present that day to speak. The program also includes Col. Clarendon E. Adams of Lincoln, Neb., commander in chief of the Grand Army of the Republic, and William Jones of New York, commander in chief of the United Spanish American War Veterans. Governor Lowden will preside at a mass meeting on the morning of August 20 when the program of addresses is to be given.

The governor's proclamation follows:

"For almost half a century the Illinois State Fair has been open free one day a year to the veterans of the Civil War, who fought in order that the 'government of the people, by the people and for the people should not perish from the earth.'"

"Fewer in number, but also entitled to gratitude are the veterans of the Spanish-American war who fought in the sacred cause of humanity. There now are added to the dwindling of these veterans the thousands of America's brave soldiers returning from the greatest war of history. These men have fought for and preserved for America and all the world. The sacred rights their fathers had won and defended from Lexington to San Juan Hill. They return victorious."

"Therefore, at the request and with the approval of the Department of Agriculture, I hereby designate Wednesday, August 20, Victory and Old Soldiers' Day at the Illinois State Fair. On that day the gates will be thrown open to all veterans of the Civil, Spanish-American and World Wars, and they will be admitted to the grounds free of charge. Appropriate exercises in honor of the men and their achievements will be held during the morning. They will be given an opportunity to enjoy the attractions of the fair throughout the day."

"It is the urgent desire of the management of the fair that veterans take advantage of this invitation to be the guests of the state."

MRS. A. G. CODY AND CHILDREN RETURN

Mrs. A. G. Cody and two children, who have been spending the past two weeks at the home of Mrs. Cody's parents, Mr. and Mrs. C. V. Bird in Yates City, are again at their home in this city. Mr. Cody returned from Yates City a number of days since.

JURY FINDING MADE IN CONDEMNATION SUIT

Award to John Hodges is \$14250 and to James Rook \$9000—Cases May go to Supreme Court.

The jury which heard the evidence in the condemnation suit brought by the city against John Hodges and James C. Rook reached a verdict about 9 o'clock last night. It took some little time for officials to assemble the attorneys and it was 9:30 o'clock when the verdict was read by Judge Samuel.

Jury Valuations. By the finding the jury allowed Mr. Hodges \$10,500 for 35.2 acres of land taken and fixed the amount of damages to the remaining land at \$2,750, making a total of \$14,250. The jury fixed the value of the 16.4 acres taken from Mr. Rook at \$5,000 and damages to the land not taken at \$4,000, making a total of \$9,000.

It is understood that for the entire 46 acres Mr. Hodges had been offered by city and water supply committee approximately \$17,500, and that about \$5,000 had been offered to Mr. Rook in settlement for the land needed from him.

Fifteen acres of the Hodges land is in corn and estimates on the value of this crop range from \$60 to \$85 per acre. Judging from the figures the jury seems to have fixed a value of \$300 an acre for the land taken in each case, and to have fixed the damages for the land not taken according to their opinion. In the case of Mr. Hodges the ten acres remaining included the improvements. In considering Mr. Rook's land seemingly the jury took into consideration the fact that he is in the habit of feeding cattle as a regular part of his farming operations, and that in taking this land the city shies off from him a source of water supply which has in the past proven quite valuable. The jury which heard the evidence in the case included Thomas Story, J. G. Crouse, H. L. Deppe, J. K. Cunningham, foreman, L. P. Fisher, Ben Davenport, Charles W. Clappitt, Louis Perbix, O. E. Keemer, D. M. Foster, A. L. Dorsey and P. J. Woulfe.

Many Witnesses. A great many witnesses were summoned to give testimony as to their opinion of the value of the land and the figures were of wide range. The members of the jury inspected the land themselves and under the law they had a right to be influenced as much by their own opinion, based upon inspection, as they did by the testimony of witnesses.

The city in the condemnation proceedings was represented by Bellatti, Bellatti & Moriarty, Mr. Hodges by Wilson & Butler and Mr. Rook by W. N. Hairgrove. It was intimated last night that an appeal is likely. Under the law a case of this kind goes direct from the county court to the supreme court.

The city now has the authority to pay to the defendants the amounts fixed by the verdict. In case of appeal this money is paid into the hands of the county treasurer and held in escrow until the final determination of the suit in the supreme court. An appeal will thus not interfere with the progress of the work on the reservoir.

The evidence in the case was concluded Thursday and all of the attorneys presented argument to the jury. Judge Samuel gave his instructions about 4 o'clock and shortly afterward the jurors retired to their room to consider the verdict. It took several hours for the reading of the instructions and for the jurors to reach their final agreement.

The court in giving instructions told the jurors that they were to fix the actual cash market value of the land as of July 12, taking into consideration the purposes for which the land was used or for which it was adapted at the date indicated, or for which it might be adapted in the future.

RATLIFF GIRL IS STILL MISSING

No trace has been found of Marie Ratliff, fourteen year old daughter of Mr. and Mrs. Ira Ratliff of Edgemoor road, who disappeared from her home last week. The girl is said to be in the company of Pat Tobin and police in central Illinois cities have been notified to pick up both of them. It is said that the Ratliff girl was registered at the Wabash hotel in Springfield last Saturday night under the name of Margaret Clark. She left the hotel Sunday morning and nothing has been heard from her since.

GOLF TOURNAMENT ON LOCAL LINKS TODAY

Today and tomorrow a golf tournament will be held on the links at Nichols park, and it is the hope of those responsible for the event that a large number of players will participate. All players should register at the pavilion not later than tonight. An admission charge of 25 cents will be made to all players, and the proceeds will go toward buying prizes to the persons making the best three scores in each of the two classes into which players will be separated.

The handicaps will be such that the player of only ordinary ability will have an equal chance to win prizes with the player of greater ability. In registering each player will report the best five scores made during the season

and these will form the basis for the handicap. Tournament play has had a growing popularity in other communities and the same will be true here when the local players become acquainted with its good points. All players, whether high or low score makers, should take part in the tournament at the park this afternoon and tomorrow.

MADAME VAN LOON'S ORCHESTRA

Madame Van Loon was the
great soprano with the Innis Band
when it appeared here a few years
since. Many of us remember her
fine voice and graciousness.

Her orchestra contains a vocal
quartet and an instrumental sex-
tette, and the programs include

Madame Van Loon in solos, and
vocal and instrumental music.

It is quite unusual to find so
fine a combination orchestra head-
ed by so unusual an artist as Ma-
dame Van Loon.

COURSE OF TRUE LOVE FINALLY RUNS SMOOTH

There Seemed Breakers Ahead
for Henry Miller but Marriage
Smoothed Them — A Pike
County Romance.

It remained for Henry Miller,
a farmer to prove that the old
adage, "True love never runs
smooth," is not true.

Henry is a farmer lad and re-
cently was discharged from the
army. It seems that Henry had
winning ways with the women
for he corresponded with Miss
Edith Rhodes of New Canton and
also said things to her that led
her to believe that he loved her.

However, upon his return from
the war his ardor seemed to have
cooled and Miss Rhodes did not
hear from him for several weeks.
Finally she located him thru a
friend. He was working on a farm
near Concord.

Wednesday Miss Rhodes came
to Jacksonville and visited the
court house where she started a
suit against Mr. Miller in the sum
of \$10,000 for breach of promise.
Of course a little sum like \$10,-
000 is a mere bagatelle to a farm
hand in these days.

Armed with the papers, Deputy
Sheriff Wright accompanied by
Miss Rhodes started for Concord.
They located Miller in a harvest
field assisting in the threshing.
The officer kept in the back-
ground and Miss Rhodes and Mr.
Miller went a short distance away
and sat down under a tree to talk
things over.

Now Miss Rhodes is said to be
the owner of a fine farm of 120
acres well stocked and also has
money in the bank. So it was not
money she wanted but Henry.

Deputy Sheriff Wright after
waiting for some little time got
tired and told Miss Rhodes he
was ready to come back and
asked if she wanted the papers
served. She said, "No, Henry is
going back with me."

The party came back to the
city and Wednesday evening the
couple visited the court house
and found Deputy County Clerk
Brockhouse and Howard Wanner
maker sitting on the front porch.
They made known their wants.

The license was supplied by
Mr. Brockhouse and Mr. Wanner-
maker telephoned for Justice Op-
erman and the twain were soon
made one. Miss Rhodes happy in

securing her heart's desire paid
all of the costs incident to getting
out the papers.

Thursday morning Mr. and
Mrs. Henry Miller returned to
the county made famous by John
Hay and Jim Bledso. Henry at
the present price of farm prod-
ucts will be able to sit on the
front porch and watch the hired
man do the work while he
meditates on the miracle of a
woman's love.

fractured in two places. While
the injury was painful he did not
give much thought to it until he
arrived home. Then he went to
a physician and examination re-
vealed the fracture.

SOUTH SANDY STREET IS BEING OILED

A much needed job is under
way on South Sandy street. For
some time the dust on that street
between West College avenue and
West College street has been very
offensive to patrons of the public
library. The dust also did much
damage to the books.

Thursday afternoon members
of the fire department were en-
gaged in laying the dust prepara-
tory to oiling. The oiling is be-
ing done by Commissioner Magill
with the county oiling machine.
When it is completed it will give
much needed relief in that vicin-
ity.

BIDS FOR COAL

Sealed bids will be received by
the city council until 2 o'clock
noon, Monday, August 11, 1919,
for coal needed at the south

light plants. Bids are asked
on 3 inch 1-1-2 inch lump and
mine run coal delivered at the
pumping station and 1-1-4 inch
screenings, 3 inch lump, mine run,
slack and washed coal delivered at
the light plant. The right is re-
served to reject any or all bids.
All coal is to be weighed on the
city scales.

cruelties to prisoners and other
alleged army irregularities.

The destruction of the airplane
took place at Colombey-les-Belles
near Toul and details of the fire
were supplied by several former
non-commissioned officers and
men of the airservice who were in
the French village at the time.
None of the witnesses could give
any reason for the bonfire or tell
under whose orders it had been
conducted.

SPENT FEW HOURS IN THIS CITY THURSDAY
Mrs. Ada M. Peak of Exeter and her grandson, Lieut. Paul R. Peak of Denver, Colo., spent a few hours Thursday at the home of Dr. and Mrs. J. W. Botkin, 868 North Church street. They left later in the day for Bath, where they will visit relatives. Lieut. Peak has but recently been released from army service, having spent a number of months with the 23rd engineers in the overseas army.
Mr. and Mrs. Roy Branstetter and daughter, Martha Lee of Chicago are guests at the home of Mrs. Emma Priddy, 621 West Lafayette avenue.

IS A MERRY WIDOW
"Soon after my husband's death 9 years ago I was taken with typhoid fever. Since then have suffered from stomach and liver trouble and constipation. I have doctored a great deal without benefit. Since taking May's Wonderful Remedy three months ago my bowels have moved regularly and I am feeling well again. I am now a happy woman." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

FROM CHERRY-BLOSSOM LAND
"The Japanese Give Good Example"
It is a proverb of Cherry Blossom Land that beauty of face and figure depends on womanly health. What is it that makes our American women often pale, sallow-faced with dark circles under their eyes, and verily old, a forty-five when they should be in their prime? Women suffer in girlhood from backache, spine-ache and headaches, follow irregularities and as a result disease of the womanly organs are more common than any one but a physician in active practice could suppose.
After long experience in the treatment of women's diseases, Dr. Pierce evolved a potent tonic and corrective which he called Dr. Pierce's Favorite Prescription. It is a purely vegetable preparation without a particle of alcohol contained in it.
When a woman complains of backache, nervousness or pain—when everything looks sick before her eyes—a dragging feeling—bearing-down, with nervousness, she could turn to this "temperance" herb. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of it for ten cents.

From County Agents Office

A Multiple Hitch Demonstration will be staged at Arnold on the afternoon of August 9th.

Wayne Dinsmore, Secretary of the Percheron Society of America, will be in charge of the demonstration. Prof. J. L. Edmonds of the College of Agriculture will also be present and assist in this demonstration. J. W. Arnold will furnish the horses and the field on which the demonstration will be given. The 4, 5 and 6 horse hitches will be shown. For over 100 years no important improvement has been made until this multiple hitch was discovered. In Mason County over 1,500 farmers gathered to see this demonstration. In Jersey County over 800. We expect a record-breaking attendance at Arnold on Saturday afternoon, Aug. 9th. We realize that Saturday afternoon is not the best time for the farmers to get together but we could not get Mr. Dinsmore at any other time.

What Have You That Needs Fixing? We do Repairing Right.

THE now-a-day world judges tires from a business standpoint.
For after all, buying tires is merely buying miles at so much a mile.
That's exactly the basis on which we sell 'Royal Cords'.
These famous good tires are built of many layers of small but exceedingly tough cords.

Each layer and each individual cord is impregnated with live, springy rubber.
The result is a lively tire. One that takes the bumps with greatest ease. One that wears many and many a mile beyond any rational expectation.
Let us put 'Royal Cords' under your car. You'll find them one of the wisest investments you ever made.
